"The most influential object in the current driving situation is the **bicycle lying on the road ahead**. [...] The driver should **slow down and prepare to maneuver around the bicycle**, ensuring there is enough space to pass safely without risking a collision."

"The most influential object in the current driving situation is the **horse crossing the road ahead**. [...] Given the size and unpredictability of the horse, it is crucial for the driver to prioritize safety. The appropriate action for the driver should take is to **gently apply the brakes to come to a complete stop before the horse crosses**, ensuring a safe distance is maintained"

"The most influential object affecting the current driving situation is the **traffic light, which is currently red**. [...] The red light indicates that the vehicle must not proceed, as it would otherwise violate traffic rules and could potentially cause an accident. Therefore, the appropriate driving action is to **come to a complete stop before the crosswalk**."
